The Criteria hereunder are derived from the bidding document. No other criteria but those indicated here shall be used during evaluation.

2) Evaluation Process

Evaluation will be conducted by a Bid Evaluation Committee (BEC) appointed in accordance with the Procurement Act and Regulations and evaluated in accordance with the criteria stated here below in two (2) stages.

Offers that are substantially responsive during the two (2) stages shall be compared based on evaluated cost stated in the activity schedule (schedule of rates) to determine the lowest evaluated bid.

3) General Information

- NAMPOST may seek clarification during the examination of bids from any bidder to facilitate evaluation, but it may neither ask nor permit any bidder to change the price or substance of the bid.
- NAMPOST will conduct due diligence on any service provider, which may include interviewing customer/clients used as reference or other activities to verify the services provided by the bidder.
- This might include visits to the service provider's premises to verify local supplier requirements and verification of any other information furnished in the bidding document.
- Bidder will be obliged to provide NAMPOST with all necessary access, assistance, and/or information which NAMPOST may reasonably request and to respond within the given time frame set by NAMPOST. Failure may lead to disqualification.

The eligibility criteria will be assessed based on a Yes or No. The bidders who score a **Yes** for all the required (mandatory) documents and satisfy the formal documentary evidence as indicated in ITB and as stated in **TABLE 1**, will proceed to the next phase of technical evaluation.

Stage 2: Evaluation of Technical Compliance

Bidders will be assessed against the technical evaluation criteria as stated in **TABLE 2** as per the weights stated therein. The total technical evaluation is out of 100%. For a bidder to proceed to the last phase of pricing comparison, the bidder must score 70% and above. Bidders who fail to achieve the required minimum score of 70% will be deemed as "technically non-responsive". Such bidders will be excluded from being considered for further evaluation.

Stage 3: Pricing Comparison

The procurement will however be extended to bidders from other regions in Namibia if there are no substantially responsive bids submitted by local suppliers in the region or if bids from local suppliers do not meet the qualification criteria.

Please note that NAMPOST Offices are in the following places as listed below and in all the 14 regions. For the sake of inclusivity, bidders may apply for the provision of services to any office of their choice.

If a price adjustment factor is applied to payments made in a currency other than the currency of the source of the index for a particular indexed input, a correction factor Z_o/Z_n will be applied to the respective component factor of p_n for the formula of the relevant currency. Z_o is the number of units of currency of the country of the index, equivalent to one unit of the currency payment on the date of the base index, and Z_n is the corresponding number of such currency units on the date of the current index.
